# Seamless edge process

Selected pure acrylic imported from Spain, combined with formaldehyde-free OSD board and seamless edge sealing process.

## Seamless Acrylics

**Material:** Board/1mm acrylic

**Specification:** 2400\*1200/2750\*1200mm

**Thickness:** 18mm/25mm

**Size:** Any

Ex: 170\*190/300\*400mm

**Handle:** All handles (except U101/2/3/4)

# Double-side filleting process

Using R6 rounded corners can prevent door gaps from missing corners. Our unique anodizing technique enables aluminum alloy one-piece molding without any splicing or corners, resulting in a completely natural finish.

## Double-sided round-corner acrylics

**Material:** Board/1mm acrylic, OSB board, edge banding/aluminum alloy

**Specification:** 2400\*1200/2750\*1200mm

**Thickness:** 18mm

**Size:** Any

Ex: 170\*190/300\*400mm

**Handle:** U/N/M series handles (Except U401 and U402)
